## Customer Paging System

GuestCall Pagers set a new standard in design & technology, when you hand waiting guests a sleek new GuestCall IQ pager they are free to wander nearby or sit at the bar and relax without worrying that they will lose their table or miss their food order.

GuestCall IQ Pagers offer customisable inserts, increase your brand awareness or promote special offers. With GuestCall IQ your in control.

The GuestCall All in One transmitter & charge rack is a space saving transmitter and charge rack combined, All in One Systems are the ideal solution where space is at a premium. The smart GuestCall All in One system still offers all the features of the GuestCall IQ system with automatic renumbering and digital pagers.

GuestCall All in One offers pager renumbering directly from the charge rack. No more confusing reordering of pagers, program any pager on site.GuestCall IQ makes controlling your pager stock simple.
