

# Patient Pagers

**Ultra Voice Pager**

**Titan Pager**

Free patients from the confines of the waiting room, patients can relax in the facilities cafeteria or step outside for some fresh air, safe in the knowledge that they will be called the moment they are required for their appointment.

Offer patients the best healthcare possible with a QuietCall BTG medical paging system.

QuietCall BTG transforms the way you communicate with your patients, no more congested waiting areas, QuietCall BTG allows patients to be located no matter where they are in your facility at the press of a button.

QuietCall BTG is the ideal solution for on site patient communications and can be customised offering multiple department & individual site requirements.
