

Guest Call Titan

Guest Call Titan Paging System

Robust Restaurant Paging System

Presented in a space-saving modular stack the BTG Titan Pager is an economical addition to any venue.

With simple easy to change advertising inserts and batteries that are user replaceable Titan Guest Paging is a low maintenance pager option. With an easy viewable number display and an IP54 rating Titan is a dust & splash resistant pager solution.

A Guest Call Titan Paging System will transform the way you communicate with your customers. Guest Call Titan allows you to efficiently contact customers wherever they are located in your facility.

Hand a Guest Call Titan coaster pager to waiting customers and allow them to relax whilst waiting for a table or food order.

You can add pagers to existing stacks or add charging bases as required, all managed from a single transmitter. Titan pagers can be programmed to vibrate, beep and flash and the advertising panel can be updated to promote specialized events and functions.
