

Restaurant Paging System

Fast Efficient Customer Communication

GuestCall efficiently calls customers at the press of a button

A GuestCall Paging System will transform the way you communicate with your customers. GuestCall allows you to efficiently contact customers wherever they are located in your building.

Hand a GuestCall coaster pager to waiting customers and allow them to relax whilst waiting for a table or food order.

With a powerful transmitting range of up to two miles GuestCall will cover even the largest locations.

GuestCall is the ideal solution for on site customer communication and can be customised to your requirements accommodating up to 999 pagers.

If you need a simple to operate efficient solution to customer communications, GuestCall is the answer.
