## Customer Paging System

GuestCall Pagers set a new standard in design & technology, when you hand waiting guests a sleek new GuestCall IQ pager they are free to wander nearby or sit at the bar and relax without worrying that they will lose their table or miss their food order.

GuestCall IQ Pagers offer customisable inserts, increase your brand awareness or promote special offers. With GuestCall IQ your in control.

The GuestCall IQ Transmitter offers built in estimated wait times calculated automatically and a table status display at no extra cost. Wait times are automatically calculated for you. With more accurate estimates you will reduce walk outs and increase customer satisfaction.

Renumber GuestCall IQ Pagers at the touch of a button. No more duplicate numbers or confusing reordering, GuestCall IQ makes controlling your pager stock simple.
