PagerCall Push Button

Transform your staff communications with a Push Button Paging System

A PagerCall Push Button Paging System will transform the way you communicate with your staff. Push Button Paging allows you to efficiently contact staff wherever they are located in your building at the press of a button.

PagerCall Push Button offers instant communication, up to 999 buttons can be linked to individual pagers.

When the call button is pressed the staff member is instantly notified with the display on their pager indicating which button has called for service.

Options for 1,2,3 & 4 button units.

If you need a simple to operate efficient solution to staff communications, PagerCall Push Button Paging is the answer.

PagerCall Push Button Paging efficiently notifies staff at the press of a button
